

Bobo Bike

- * 12 inch bike
- * Smooth running
- * Delivered with training wheels
- * With pinch brake and coaster brake
- * Suitable for children with stability problems

This is the Bobo Bike, a 12 inch bike. This bike is the next step after the Threeley Bike.

The Bobo Bike can also be used by children who have less strength and low energy. This bike has been adjusted that it cycles much lighter than a normal bike.

Blue or pink are the available colours and the training wheels are standard delivered, push rod is an option.
